June 5, 2024

Dear Member:

VISION BENEFITS — CHANGE IN SERVICE PROVIDER EFFECTIVE JULY 1, 2024

The purpose of this letter is to notify you of a change in the service provider for your Vision Benefits, under the Laborers' District Council of Western Pennsylvania Welfare Fund (the Fund).

The Fund has chosen to replace the current provider of Vision Benefits — Davis Vision by Met Life — with Eye Med as of July 1, 2024. There are no changes in the benefit design. Eye Med has an extensive network of providers, including independent eye doctors, as well as national and regional retail providers.

You will be receiving additional details regarding this change in the near future, including Eye Med network information, description of other available features, contact information for customer service, and new Identification Cards.

Sincerely,

Laborers' Combined Funds of W PA

Kevin Hribar, Administrator
